

# CULTURAL INTERSEK BUDAPEST-2018

## Contest / Activity: Animation Contest - SMART FUTURE

**THEME:** The participants of the contest should prepare an animation that shows how they imagine their own future or that of their school or classroom with the large number of high-tech devices that are around us. The animation should show the “**SMART FUTURE**”.

**PERSON IN CHARGE:** Beata Jarosievitz, [beata.jarosievitz@iesmail.com](mailto:beata.jarosievitz@iesmail.com)

**PARTICIPANTS:** 1 group per country (maximum 3 participants per delegation)

**MODALITY:** Group work in the Computer Room (using Microsoft Windows 7)

Group work in a normal class (using IPAD + IOS)

Each group should choose in advance the modality of their work (computer or IPAD).

### OBJECTIVES:

- to raise interest in creating models (animations)
- to motivate students to bring their characters, pictures to life
- to promote working systematically
- work as a team to achieve the goals

### TECHNIQUE:

Each animation should follow the requirements

- first keyframe: shows us the title of the animation
- keyframe content before the last one

References:

here minimum 3 URL's (site address) should be added, which has been used to download music, or pictures

- last keyframe shows the followings:
  - name of the team ( group)
  - name of each participant in the team

# CULTURAL INTERSEK BUDAPEST-2018

- name of the school
- school address
- name of the country
- Each keyframe can have subtitles, comments added by the authors. (The added text should be slowed down for easy reading!)
- the animation can have a background music (up to the authors).

## FORMAT:

- Every delegation should prepare an animation (any of gif, avi, mp4, mov file format)
- The length of the animation should be 2 minutes.

## MATERIAL:

- Provided by the host school (computer, IPAD).

## WORK METHODOLOGY:

- Each delegation can use
  - own photos created with own devices, or downloadable files (URL of the site used should be added to the references)
  - free downloadable apps, programs for IPAD (only for IOS)
  - Installed programs under Windows 7 (eg. Gimp, Photoshop, Image Ready Creator, Movie Maker etc.)

## REGULATIONS:

- It is allowed to use the computers available in the computer room and the software already installed, and it is allowed to use any free applications downloadable for IPADs.
- Each delegation will have a time-slot of two hours for this contest.
- No violent, or offensive content, or that affects the ideals of the contest will be allowed and tolerated.

## EVALUATION:

- Is based by criteria decided by the jury
